18. KONGRES

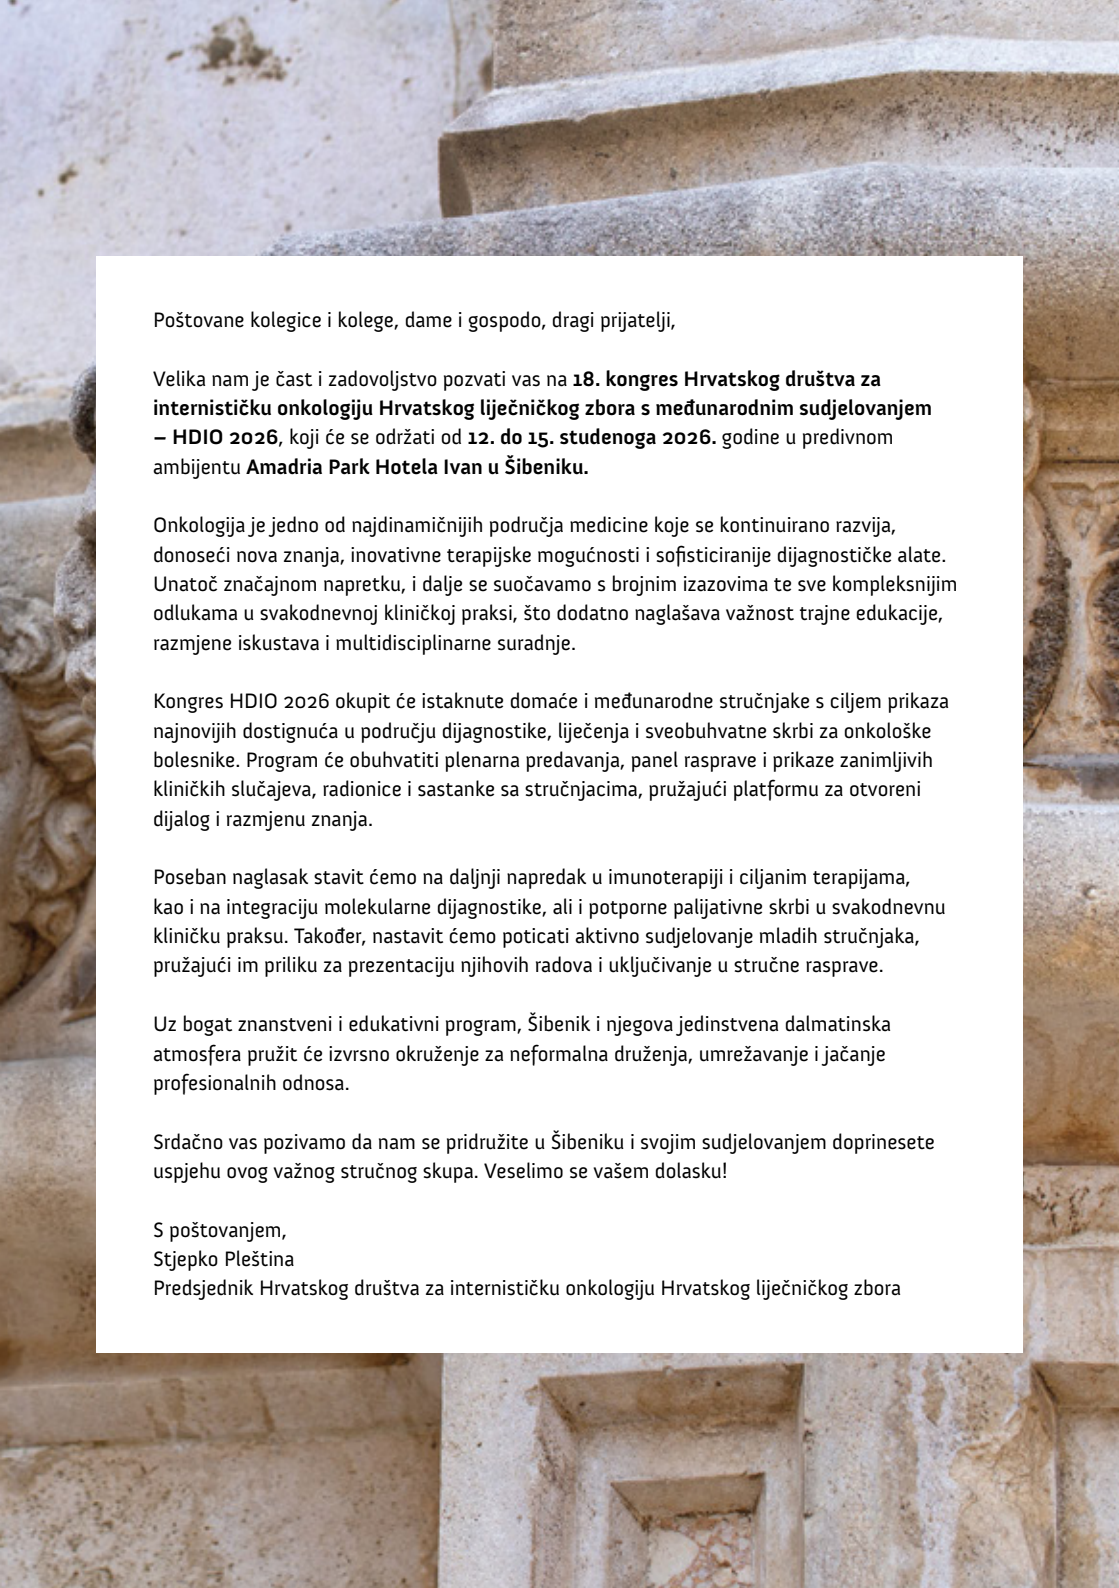

Hrvatskog društva za internističku onkologiju HLZ-a s međunarodnim sudjelovanjem

12. – 15. 11. 2026.

AMADRIA PARK HOTEL IVAN, ŠIBENIK

Poštovane kolegice i kolege, dame i gospodo, dragi prijatelji,

Velika nam je čast i zadovoljstvo pozvati vas na **18. kongres Hrvatskog društva za internističku onkologiju Hrvatskog liječničkog zbora s međunarodnim sudjelovanjem – HDIO 2026**, koji će se održati od **12. do 15. studenoga 2026.** godine u predivnom ambijentu **Amadria Park Hotela Ivan u Šibeniku.**

Onkologija je jedno od najdinamičnijih područja medicine koje se kontinuirano razvija, donoseći nova znanja, inovativne terapijske mogućnosti i sofisticiranije dijagnostičke alate. Unatoč značajnom napretku, i dalje se suočavamo s brojnim izazovima te sve kompleksnijim odlukama u svakodnevnoj kliničkoj praksi, što dodatno naglašava važnost trajne edukacije, razmjene iskustava i multidisciplinarne suradnje.

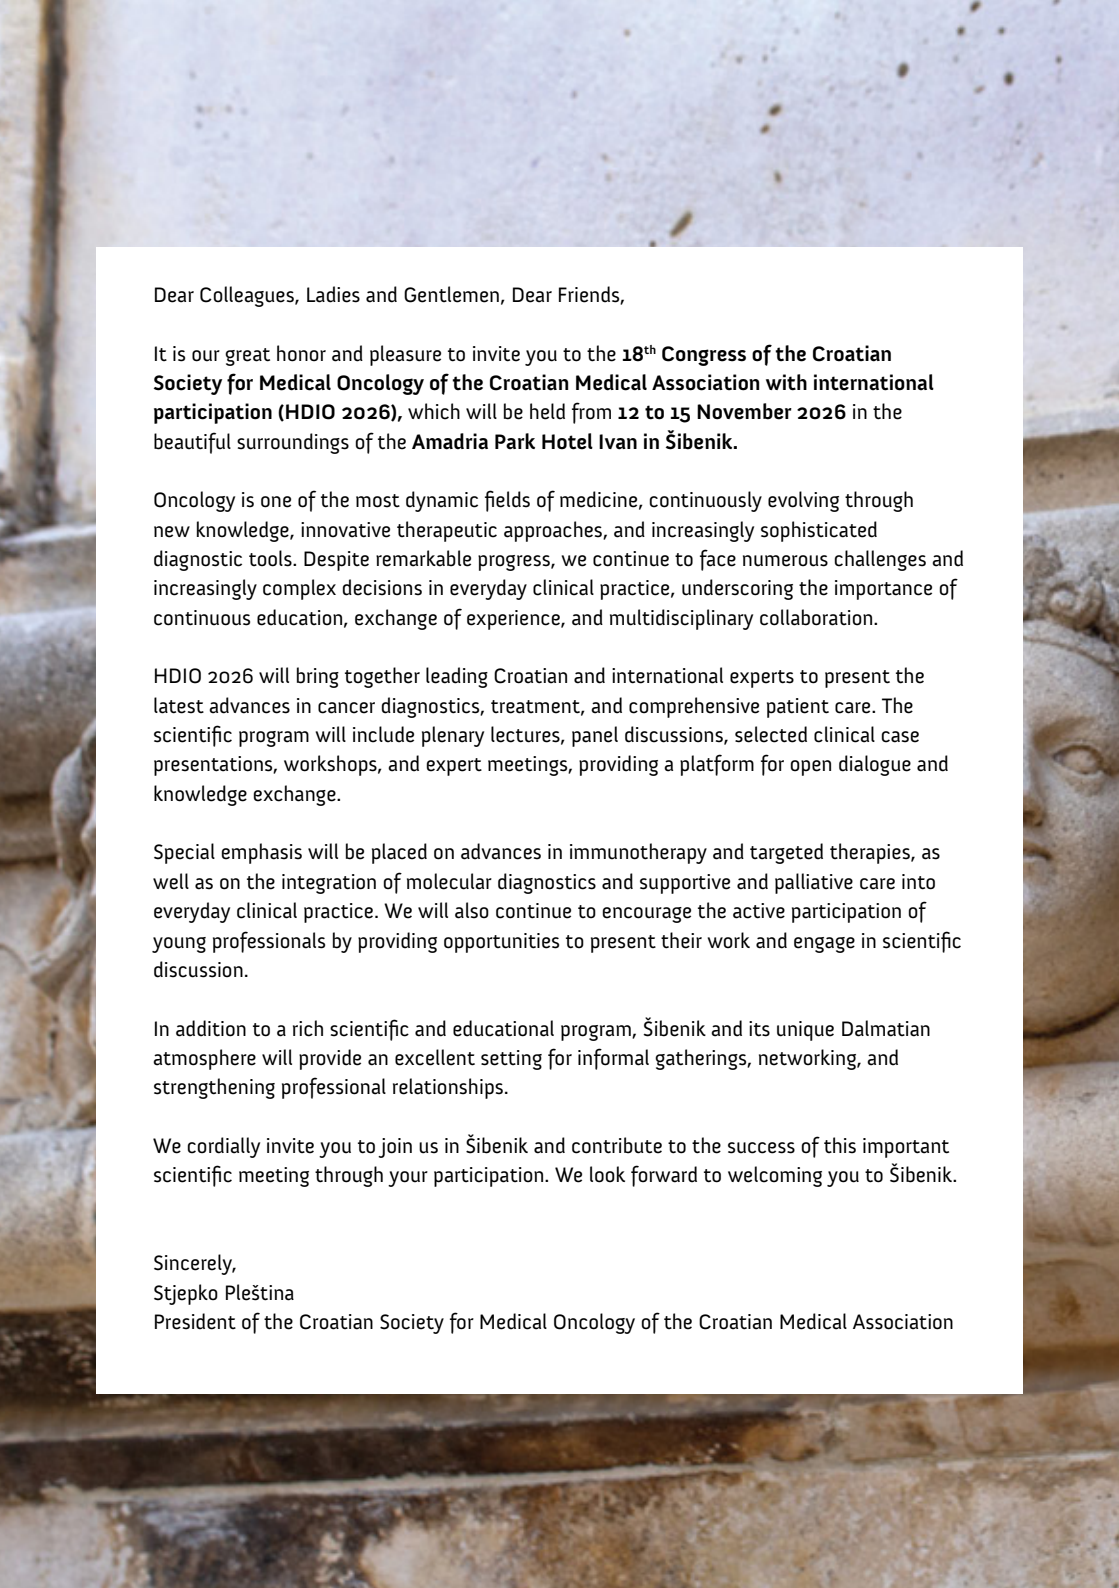

Kongres HDIO 2026 okupit će istaknute domaće i međunarodne stručnjake s ciljem prikaza najnovijih dostignuća u području dijagnostike, liječenja i sveobuhvatne skrbi za onkološke bolesnike. Program će obuhvatiti plenarna predavanja, panel rasprave i prikaze zanimljivih kliničkih slučajeva, radionice i sastanke sa stručnjacima, pružajući platformu za otvoreni dijalog i razmjenu znanja.

Poseban naglasak stavit ćemo na daljnji napredak u imunoterapiji i ciljanim terapijama, kao i na integraciju molekularne dijagnostike, ali i potporne palijativne skrbi u svakodnevnu kliničku praksu. Također, nastavit ćemo poticati aktivno sudjelovanje mladih stručnjaka, pružajući im priliku za prezentaciju njihovih radova i uključivanje u stručne rasprave.

Uz bogat znanstveni i edukativni program, Šibenik i njegova jedinstvena dalmatinska atmosfera pružit će izvrsno okruženje za neformalna druženja, umrežavanje i jačanje profesionalnih odnosa.

Srdačno vas pozivamo da nam se pridružite u Šibeniku i svojim sudjelovanjem doprinesete uspjehu ovog važnog stručnog skupa. Veselimo se vašem dolasku!

S poštovanjem,
Stjepko Pleština
Predsjednik Hrvatskog društva za internističku onkologiju Hrvatskog liječničkog zbora

Dear Colleagues, Ladies and Gentlemen, Dear Friends,

It is our great honor and pleasure to invite you to the **18th Congress of the Croatian Society for Medical Oncology of the Croatian Medical Association with international participation (HDIO 2026),** which will be held from **12 to 15 November 2026** in the beautiful surroundings of the **Amadria Park Hotel Ivan in Šibenik.**

Oncology is one of the most dynamic fields of medicine, continuously evolving through new knowledge, innovative therapeutic approaches, and increasingly sophisticated diagnostic tools. Despite remarkable progress, we continue to face numerous challenges and increasingly complex decisions in everyday clinical practice, underscoring the importance of continuous education, exchange of experience, and multidisciplinary collaboration.

HDIO 2026 will bring together leading Croatian and international experts to present the latest advances in cancer diagnostics, treatment, and comprehensive patient care. The scientific program will include plenary lectures, panel discussions, selected clinical case presentations, workshops, and expert meetings, providing a platform for open dialogue and knowledge exchange.

Special emphasis will be placed on advances in immunotherapy and targeted therapies, as well as on the integration of molecular diagnostics and supportive and palliative care into everyday clinical practice. We will also continue to encourage the active participation of young professionals by providing opportunities to present their work and engage in scientific discussion.

In addition to a rich scientific and educational program, Šibenik and its unique Dalmatian atmosphere will provide an excellent setting for informal gatherings, networking, and strengthening professional relationships.

We cordially invite you to join us in Šibenik and contribute to the success of this important scientific meeting through your participation. We look forward to welcoming you to Šibenik.

Sincerely,
Stjepko Pleština
President of the Croatian Society for Medical Oncology of the Croatian Medical Association
